WORK EXPERIENCE

Game Developer — Gamemano

04/2026 – Present | Noida, India

- **Independently developed** and optimized production-grade **HTML5 slot games** end-to-end using TypeScript and PixiJS — building reel/symbol rendering, spin flow, game states, and reusable modules with scalable, cross-browser architecture
 - Leveraged **AI tools** to accelerate development and **debugging**; optimized rendering/asset pipelines, integrated REST APIs, and collaborated with designers, QA, and backend teams via Git and Azure DevOps
- Tech: **TypeScript, PixiJS, HTML5 Canvas, WebGL, REST APIs, Postman, Git, Azure DevOps**

Developer — Merkur Gaming India

11/2022 – 03/2026 | Noida, India | Promoted: Trainee → Associate Developer → Developer

- Developed and optimized HTML5 slot games (**desktop, Android, iOS, tablet**) using TypeScript, PixiJS, and Phaser — implementing wild/cascading mechanics, gameplay systems, and reusable rendering components
 - Improved performance via rendering/asset optimization and debugging; integrated REST APIs, wrote unit tests, and ensured code quality with SonarQube and Jenkins CI/CD
- Tech: TypeScript, PixiJS, Phaser, HTML5 Canvas, WebGL, REST APIs, SonarQube, Jira, Jenkins, SVN

TECHNICAL SKILLS

Language: Typescript, JavaScript (ES6+), C++, GoLang

Web: HTML5, CSS3, ReactJS, Tailwind CSS, REST APIs

Tools: Git, SVN, Jira, Jenkins, Azure DevOps, SonarQube, Postman

Others: PixiJS, Phaser, WebGL Canvas, OOPs, DSA, Problem Solving, CI/CD, GenAI, Prompt Engineering

PROJECTS

TechTube — Developer Learning Platform | 10/2024 – Present

Live: <https://www.techtube.co.in/>

- Built a curated platform for learning programming, development, and interview preparation.
- Implemented video discovery, ratings, comments, learning streaks, and user authentication.

Technologies: React, TypeScript, Go, MongoDB, Tailwind CSS, Docker, Git/GitHub

EDUCATION

IEC College of Engineering & Technology

B.Tech, Computer Science & Engineering, 78%

Noida, UP, India

2019–2023

St. Xavier's College

High School, JAC, Class XII, 80.4%

Ranchi, Jharkhand

2016–2018

ACHIEVEMENTS / CERTIFICATES

- Achieved Rank 1538 among 30k participants at Code Kaze 2022 organized by Coding Ninjas, link: →
- Certified in ChatGPT Prompt Engineering for Developers, link: →
- Certified in Full Stack Web Development (MERN), link: →
- Blind Coding Competition (Volunteer), Coordinated Coding Competition in college, link: →
- Rank 2 holder in college among 280 students on the Geeks for Geeks platform (07/2023), link: →
- Won the Annual Badge 2022 on LeetCode. It's an award for users for the continued commitment in solving problems for more than 300 days in 2022. This reflects consistent commitment and dedication.
